## PHOTOGRAPH/VIDEO PERMISSION

Schoolhouse Learning Center will take photographs or videos of the children participating in our program from time to time. And these may appear in various news releases, websites and other publicity materials (for example: brochures, coupons, documenting daily activities for assessment purposes, classroom purposes, and websites).

\_\_\_\_\_ I give Schoolhouse Learning Center permission to take photos or videos for the purposes listed above. (Please check if you give permission)

\_\_\_\_\_ I do not give Schoolhouse Learning Center permission to take photos or videos for the purposes listed above. (Please check if you do not give permission)

We are excited to share with you that Schoolhouse Learning Center has a Facebook page! We are busy adding new information and photos so you will be able to visit and see what we have going on at the center. We have personalized our site by including pictures of artwork, creations and children active at the center. If your child's photo were to appear on our Facebook page, it would only be a picture with perhaps a caption but no names will be used.

\_\_\_\_\_ I give Schoolhouse Learning Center permission to post my child's picture on the center's Facebook page. (Please check if you give permission)

\_\_\_\_\_ I do not give Schoolhouse Learning Center permission to post my child's picture on the center's Facebook page. (Please check if you give permission)

Thank you,

Center Director

By signing below, you are giving your permission for Schoolhouse Learning Center to take photographs or videos for these purposes that you have checked above.
